

# China's Growing Influence in Asia and the United States

@HouseForeign

## Asia

May 8, 2019 2:00 PM

Location: 2200 Rayburn House Office Building, Washington, DC 20515

Subcommittee: Asia, the Pacific, and Nonproliferation

China works to continue its global ascent, even as its prime focus continues to be on domestic development and, above all, maintaining political and social order

*-East Asia Forum*

China is racing ahead in 5G

*-MIT Technology Review*

China is improving and increasing its options for a possible future invasion of Taiwan, with military reforms and investments in multi-domain military capabilities offering a range of options to defeat the self-governing island

*-Defense News*

China's controversial Belt and Road Initiative is the cornerstone of its ambitious foreign policy strategy

*-Global Risk Insights*

In many cases, the leaders of BRI-recipient countries see the projects as opportunities to sustain and legitimize their own corruption, as well
